A Manual to Take a Closer Look at a Preliminary Title Report

Fidelity National Title
HOW TO READ A PRELIMINARY TITLE REPORT

A Preliminary Title Report (PR) is a report which shows the terms upon which the company may issue its policy. It does not constitute a policy nor a commitment to issue such a policy. Also set out in the PR are information items that will assist the customer in expediently closing the proposed transaction thus enabling Fidelity to issue its policy(ies) of title insurance.

The PR is issued after a thorough title search has been made on the real property and all the documents affecting said property have been examined to determine their effect on said property.

The title search is made of the public record in the County Recorder of the county in which the real property is located.

In addition to the above mentioned public records, certain types of policies to be issued by Fidelity require that we make a physical inspection of the property. This inspection may disclose additional off record matters or rights of other parties in and to said property not disclosed by the public records.

Following is a brief explanation of some of the more common items shown in a PR together with an explanation of some of the preprinted items shown therein. The Preliminary Report provided herein is a sample of what a customer would receive shortly after placing the title order with Fidelity. The numbered items shown on the sample PR.
In response to the application for a policy of title insurance referenced herein, Fidelity National Title Company hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a Policy or Policies of Title Insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an Exception herein or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations of said Policy forms.

The printed Exceptions and Exclusions from the coverage and Limitations on Covered Risks of said Policy or Policies are set forth in Exhibit A attached. Limitations on Covered Risks applicable to the CLTA and ALTA Homeowner's Policies of Title Insurance which establish a Deductible Amount and a Maximum Dollar Limit of Liability for certain coverage are also set forth in Exhibit A. Copies of the Policy forms should be read. They are available from the office which issued this report.

This report (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance, a Binder or Commitment should be requested.

The Policy(s) of title insurance to be issued hereunder will be policy(s) of Fidelity National Title Insurance Company, a California Corporation.

Please read the exceptions shown or referred to below and the exceptions and exclusions set forth in Exhibit A of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.

It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects and encumbrances affecting title to the land.

(Rev. 11/17/04)
This preprinted paragraph states as of the dated date of the Preliminary Report, that Fidelity is willing, as of said date, to issue a policy(ies) of title insurance showing the items listed in the PR.

This preprinted paragraph is a statement that in addition to the specific exceptions shown in the PR, the policy(ies), when issued, will contain certain standard preprinted exceptions and exclusions not shown in the PR. Exhibit “A” to which the PR is attached will set out what these exceptions and exclusions will be.

This preprinted paragraph makes the statement that the PR is not a policy, and therefore no liability is assumed as to its correctness. If liability is required when the order is opened, the customer should request a Binder or a Commitment rather than a PR.

   Said covenants, conditions and restrictions provide that a violation thereof shall not defeat the lien of any mortgage or deed of trust made in good faith and for value.

NOTE: Section 12956.1 of the Government Code provides the following: If this document contains any restriction based on race, color, religion, sex familial status, marital status, disability, national origin, or ancestry, that restriction violates state and federal housing laws and is void. Any person holding an interest in this property may request that the county recorder remove the restrictive language pursuant to subdivision (c) of Section 12956.1 of the Government Code.
Any matter that affects the real property will be shown following this paragraph. These matters, called encumbrances and liens, will also be shown in the policy(ies), to be issued, unless they are paid off and released, or otherwise eliminated, prior to or concurrently with the issuance of said policy(ies). The usual matters shown here would be taxes, easements, covenants, conditions, restrictions, deeds of trust, money liens and judgements.

Most real property is subject to property taxes assessed by the tax collector. The tax information will always be shown as the first item in the PR because taxes have priority over all other matters. This item means that the property taxes for the fiscal year of July 1st to the following June 30th actually become a lien on January 1st preceding the fiscal year even though the amount of the tax will not be available until the end of October of the fiscal year. This item will always be shown in any PR dated between January 1st and November 1st, the date the first installment of the tax is due and payable.

If the property taxes for all fiscal year are not paid by June 30th, the last day of the fiscal year, those property taxes are in default and the property is referred to as “tax defaulted property.” Prior to September 11, 1984, tax defaulted property was referred to as “tax sale to the State.” If the property taxes are in default for prior fiscal years, the amount necessary to redeem the property will be shown in this item.

The Legislature in 1983 passed a law providing for the prompt reassessment of real property anytime that property changed ownership or new construction has been completed thereon. Such reassessment will result in a supplemental tax bill for the additional tax amount. Supplemental tax bills will always be forthcoming if property has changed ownership or if new construction has been completed. However, they will not become a lien on the property until such time as they are posted in the records of the tax collector, which could be at a date after both the PR and the Title Policy(ies) are issued at the close of the transaction.

This item will always show in the PR and the Policy(ies) because of the aforementioned law passed in 1983. Supplemental tax bills will always be forthcoming if property has changed ownership or if new construction has been completed. However, they will not become a lien on the property until such time as they are posted in the records of the tax collector, which could be at a date after both the PR and the Title Policy(ies) are issued at the close of the transaction.

This item refers to an easement as disclosed by the recorded subdivision map. An easement is the limited right of someone other than the owner of the property to use the property for a specified purpose.

Covenants, conditions and restrictions (CC&R) are limitations or qualifications on the use of real property imposed by a former owner by a conveyance or other document within the chain of title. If requested, Fidelity will be happy to furnish the customer a copy of the document imposing the CC&Rs so that any party of the transaction will be aware of what those limitations are regarding the use of the property. A hyperlink to the document will be included.

This item refers to an easement. Usually easements are for utility purposes, widening of streets and private driveway. It is important to remember that an easement shown in this part of the PR runs over the subject property and does not refer to an easement that benefits the property shown in the PR such as access. Easement(s) for access to the property would be shown in the PR as part of legal description.

A deed of trust is a conveyance in trust from the owner of the property to the trustee set out in the deed of trust for the purpose of securing repayment of a monetary debt or some other form of obligation. If this item is to be paid off concurrently with the close of the transaction, the beneficiary of record must be contacted in order to obtain a reconveyance of the deed of trust. A hyperlink to the document will be included.

A notice of default is recorded as a result of the owner of the property failing to preform their obligation under the terms of the obligation secured by the deed of trust. Usually when recorded it means the property owner has failed to make the monthly payments due under the debt secured by the Deed of Trust. Immediate attention should be given to this item if it is shown in the PR. A hyperlink to the document will be included.

An abstract of judgment is recorded as a result of a judicial determination as to the winner, called the creditor, and the loser, called the debtor, at the conclusion of a lawsuit. The debtor could be a former owner, the present owner or the proposed buyer of the property. Once again, immediate attention should be given to this item as the creditor must submit a demand and a satisfaction of judgment prior to or concurrent with the close of the transaction if this item is to be eliminated from the policy(ies). A hyperlink to the document will be included.

A federal tax lien will be filed by the Internal Revenue Service as a result of taxpayer’s failure to pay their income taxes. Like an abstract of judgment, this could be against the present/previous owner or the proposed buyer in the transaction. In order for this item not to show in the in the policy(ies) to be issued, the IRS will have to be contacted to get a demand and a release of the lien prior to or concurrent with the close of the transaction. Similar type liens may also be recorded by the State of California or the Tax Collector of the County for various reasons, such as failure to pay state income taxes or failure to pay unsecured property taxes.

26. We find various Liens and Judgments, that are of record against persons with similar or the same name as that of our vestee(s) shown herein. In order to complete this report, this Company requires a Statement of Information to be provided for the following vestee(s), which may allow and assist elimination of some or all of said Liens and Judgments. After review of the requested Statement(s) of Information, the Company reserves the right to add additional items or make further requirements prior to the issuance of any Policy of Title Insurance.

   Vestee(s): John Doe

27. Any invalidity or defect in the title of the vestees in the event that the trust referred to herein is invalid or fails to grant sufficient powers to the trustee(s) or in the event there is a lack of compliance with the terms and provisions of the trust instrument.

   If title is to be insured in the trustee(s) of a trust, (or if their act is to be insured), this Company will require a Trust Certification pursuant to California Probate Code Section 18100.5. The Company reserves the right to except additional items and/or make additional requirements after reviewing said documents.

28. This company will require a statement of information from the parties named below in order to complete this report, based on the effect of documents, proceedings, liens, decrees, or other matters which do not specifically describe said land, but which, if any do exist, may affect the title or impose liens or encumbrances thereon. After review of the requested Statement(s) of Information the Company may have additional requirements before the issuance of any policy of title insurance.

   Parties: John Buyer and Mary Buyer

(Note: The statement of information is necessary to complete the search and examination of title under this order. Any title search includes matters that are indexed by name only, and having a completed statement of information assists the Company in the elimination of certain matters which appear to involve the parties but in fact affect another party with the same or similar name. Be assured that the statement of information is essential and will be kept strictly confidential to this file).
This item indicates that a lawsuit has been commenced in court that affects the title to real property. Reasons for which the lawsuit might be commenced include condemnation, foreclosure of a mechanic’s lien or breach of contract. This item should always be cleared prior to the close of the transaction by obtaining a dismissal of the action. If not eliminated, the Buyer’s title will be subject to the final outcome of the action. If the final outcome is unfavorable, the Buyer could lose title to the property. A hyperlink to the document will be included.

These items indicate that when the title search was made, many items, such as tax liens, and abstracts of judgments, have been recorded against people having the same or a similar name of the parties to the transaction. In order for Fidelity to make a determination as to whether these items are against the parties to the transaction, we will need a Statement of Information from these parties. Make your Title Officer a happy person. Please try to get the Statements of Information to them as soon as possible. If one of the parties to the transaction is “John Smith,” many, many documents will have to be examined to determine if our “John Smith” is the same “John Smith” shown on these documents. This can only be done after the Statements of Information have been received.

When reporting and insuring title where ownership is in a trustee of a trust, we request the customer supply us with a copy of the trust and all supplements and amendments to it, to confirm the legal existence of the trust, the identity of the trustee(s), and the sufficiency of their power under the trust to deal with real property in the manner contemplated by the proposed transaction. Trusts have come into increasing use for a variety of reasons, with this use we have seen reluctance to supply us with a complete copy of the Trust. We now have a way, provided under Probate Code Section 18100.5, for us to accept a Certification of Trust, in most cases, instead of the entire trust document.
Note 1. NOTE: The ALTA Homeowners Policy of Title Insurance (12-2-13) contains specific deductible amounts and specific liability maximums for Covered Risk numbers 14, 15, 16 and 18 of said policy that have been filed and approved by the various Departments of Insurance where the forms have been filed. Please consult with your escrow or title officer if you have questions regarding the policy.

Note 2. The Note shown below, which recites: “California Revenue and Taxation Code Section 18668, effective January 1, 1991, requires that the buyer in all sales of California Real Estate, wherein the Seller shows an out of State Address, withhold 3-1/3% of the total sales price as California State Income Tax, subject to the various provisions of the law as therein contained.”

is hereby deleted and replaced with the following:

California Revenue and Taxation Code Section 18662, effective January 1, 1994 and by Amendment effective January 1, 2003, provides that the buyer in all sales of California Real Estate may be required to withhold 3 and 1/3% of the total sales price as California State Income Tax, subject to the various provisions of the law as herein obtained.

Note 3. None of the items shown in this report will cause the Company to decline to attach CLTA Endorsement Form 100 to an Extended Coverage Loan Policy, when issued.

Note 4. The Company is not aware of any matters which would cause it to decline to attach the CLTA Endorsement Form 116 indicating that there is located on said land Single Family Residence known as 1034 RIVIERA CT, BEAUMONT, CA 92223-8535 to an Extended Coverage Loan Policy.

Note 5. There are NO deeds affecting said land, recorded within twenty-four (24) months of the date of this report.
When the contemplated policy involves a sale transaction, this is where the buyers' names are shown. Any discrepancies in the spelling of the names should be immediately brought to the Title Officer's attention, so the appropriate corrections can be made.

This paragraph relates to whether the property does or does not qualify for the automatic issuance of the 1987 ALTA-R Policy. If the property does not, Fidelity may have to physically inspect the property before a determination can be made. Any items disclosed by inspection will be disclosed by a supplemental report and/or an amended PR.

If a lender's ALTA policy has been requested, Notes 3, 4, and 5 are shown to verify that the 100 endorsement can be issued and what type of improvements and the street address of the property in question is. It will also show any conveyances within 6 months from the date of the report.
Note 7. Section 12413.1, California Insurance Code became effective January 1, 1990. This legislation deals with the disbursement of funds deposited with any title entity acting in an escrow or subescrow capacity. The law requires that all funds be deposited and collected by the title entity’s escrow and/or subescrow account prior to disbursement of any funds. Some methods of funding may subject funds to a holding period which must expire before any funds may be disbursed. In order to avoid any such delays, all fundings should be done through wire transfer, certified check or checks drawn on California financial institutions.

Note 8. The charge where an order is cancelled after the issuance of the report of title, will be that amount which in the opinion of the Company is proper compensation for the services rendered or the purpose for which the report is used, but in no event shall said charge be less than the minimum amount required under Section 12404.1 of the Insurance Code of the State of California. If the report cannot be cancelled “no fee” pursuant to the provisions of said Insurance Code, then the minimum cancellation fee shall be that permitted by law.

Note 9. California Revenue and Taxation Code Section 18662, effective January 1, 1994 and by amendment effective January 1, 2003, provides that the buyer in all sales of California Real Estate may be required to withhold 3 and 1/3% of the total sales price as California State Income Tax, subject to the various provisions of the law as therein contained.
The amount of the previous years property taxes when the current years taxes are not yet available. To the right of the amounts will be a notation indicating the current status of the tax such as “paid,” “open” or “delinquent.” If the tax such is delinquent the penalty amount will also be shown. Also shown is the value at which the County Assessor has assessed the real property for the previous year.

This item deals with Fidelity’s policies regarding holding money at the close of escrow for the last payment of taxes and/or last monthly mortgage payment. All holds can be waived if we supplied with a copy of the cancelled check or other proof of payment.

Notes 9, 10 & 11 are informational notes regarding statutory requirements that need to be complied with at the time of closing or cancellation of the title transaction.

Accompanying each PR will be a map of the property showing its location (sample on next page).
