

Fidelity 3.0 LITE

Real estate in the palm of your hand.

Real Estate's #1 Net Sheet & Closing Costs App

When it's the weekend or after hours you may not be able to get with your escrow officer for a net sheet. Fidelity 3.0 Lite is there with you, showing homes, on listing presentations, or wherever the weekend may take you.

QUICK ESTIMATE

Fidelity Agent delivers the ability to answer questions that come up while house shopping. After simply entering in a house price, this program provides the total monthly payment (PITI), itemized closing costs, and also the figures for the amount due at closing.

REFI

Calculate new loan payment, closing costs and find the "break-even" point.

SIMPLICITY

Fidelity Agent gives you the ability to run quick, easy, and accurate estimates for your buyers and sellers.

NET SHEET

Regardless of price, neighborhood, or motivation, every seller wants to know the same thing: how much they will net at close. Run a net sheet in seconds from anywhere.

COUNTY SPECIFIC

We've preloaded local county specific title rates, closing costs, lender fees, and city specific property tax rates.

USE IT ANYWHERE

Take the app anywhere you go on your phone, tablet, or computer.
